

Dear Voter,

I am highly honoured to have been asked by so many residents, of Northside Ward, to be an Independent Candidate in the forthcoming District Council Elections. If elected I promise to carry out the wishes of the local people after listening to their concerns.

All political parties operate a whipping system, which forces their councillors to vote for the party line. Independent councillors vote according to their own views. Therefore, the only people I will take notice for are you.

You can really make a difference to how the City of Anytown Council is run by voting Independent. If you need a return lift to the polling station please phone me on 09966882244

I hope I can count on your vote.

Yours sincerely

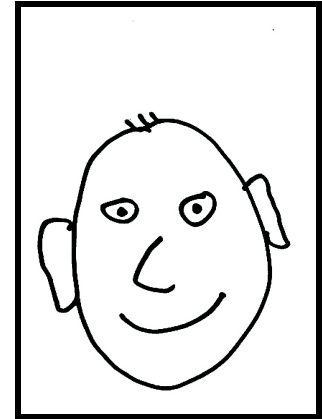

Stephen Lowry

Its close proximity to the children's playground make it a real health hazard, as rats and mice have been site.

Stephen Lowry has organised a clean up campaign. Join Stephen and the City's Cleansing Department and help to bring some pride back to the area.
